

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Pending nominations, from Nos. 242 to 247, and new nominations, Nos. 248 and 249, were read.

On motion, it was resolved that Dr. A. D. Bache, President of the American Association for the Advancement of Science, be a committee, on the part of this Society, to take measures for procuring a testimonial on the part of the men of science of America, to the labours and merits of the late Professor Schumacher.

---

*Special Meeting, March 17.*

Present, five members.

Dr. PATTERSON, President, in the Chair.

On motion—*Resolved*, that it is expedient for this Society to memorialize the State Legislature, praying for the exemption from taxation of the property of religious, charitable, literary, and scientific associations; whereupon, a memorial to this effect was read, and ordered to be signed by the President and Secretary, and sent to the Speakers of the Senate and House of Representatives.
